PICKUP LOCATION: South Abington Park – 642 Northern Blvd. S. Abington Twp, PA 18411
(Next to South Abington Elementary School; Pavilion Near Parking Lot)

Apple Trees (<i>Malus domestica</i>)**	An order consists of ONE "Jonamac" and ONE "Smokehouse" Apple tree. The trees are bare root whips that are approximately 4' to 5' tall. Jonamac is medium sized, very productive and an annual bearer. Fruit is firm and crisp ripening just ahead of McIntosh. Smokehouse is an old-timer apple, welcome in every home. A favorite for pies and sauce. Ripens in September and keeps well in common storage late into winter. Rootstock:EMLA-7
Plum Tree (<i>Prunus domestica</i>)	An order consists of ONE "Stanley" Plum tree. A fine-prune-type plum with an excellent quality suited for both home use and processing. Fruit is large in size with dark blue skin. Flesh is greenish-yellow, juicy and fine-grained. The tree is early bearing and a good pollenizer for other European varieties. Rootstock is Cert. Mayo.
Peach Tree (<i>Prunus persica</i>)	An order consists of ONE "Bounty" Peach tree. The fruit is very large and freestone with exceptional quality. The trees are vigorous, very productive & resistant to bacterial spot. Cross pollination is not required. Rootstock is Bailey.
Blueberry Bushes (<i>Vaccinium</i>)**	An order consists of ONE "Duke" (Very Early) and ONE "Bonus" (Mid-Late) blueberry bush obtained from a local berry farm. Plants are of bearing age & with care, will develop large flavorful berries. Select a sunny, well-drained site with sandy or loamy soil. You may need to add soil amendments. Sold in a 1-gallon pot.
Strawberry Plants (<i>Fragaria</i>)	An order consists of 25 strawberry vine plugs. The flavorful variety is "Seascape," a productive day-neutral strawberry. Highly successful for Northeastern growers for summer and fall production. Seascape will flower and fruit all season. The berries are large, prolific, and have good flavor when picked ripe.
Persimmon Fruit Trees (<i>Diospyros virginiana</i>)	An order consists of five Common Persimmon seedlings ranging in height from 18-24 inches. Persimmons are a native tree growing from 25-40 feet in height and 20-35 feet in width. Trees produce white, fragrant flowers that are very sweet and a favorite of honeybees in spring to yield an orange edible fruit in the fall that ripens after several frosts. More than one tree is needed for pollination to produce fruit.
American Arborvitae (<i>Thuja occidentalis</i>)	An order consists of 5 seedlings ranging in height from 12-18 inches. A handsome, pyramidal evergreen with foliage varying from dark green to light green during growing season. It's very hardy, easily transplanted that grows well in a variety of soils, but best in loamy, moist soil. Excellent for screens or tall hedges.
Sugar Maple Trees (<i>Acer saccharum</i>)	An order consists of 5 seedlings ranging in height from 12-18 inches. An attractive maple that can be used for dual purposes. A handsome tree for shade. Rounded head with dense green foliage. Mature trees produce sap in the spring that can be used for making delicious maple syrup and sugar. Mature height approx. 70-100'.
Eastern White Pine Trees (<i>Pinus strobus</i>)	An order consists of 5, 4 yr. transplants, ranging in height from 12-20 inches. A majestic evergreen beauty when planted as a single specimen tree, this very hardy pine grows stately and gracefully tall. Needles are soft and bluish-green in color. Bark is thin, smooth and greenish-brown turning darker as trees mature. With proper soil, can grow 12-18" per year! Ideal for specimen planting, shade, windbreaks and appealing Christmas trees.
Purple Coneflowers (<i>Echinacea purpurea</i>)	An order consists of 1 potted individual plant. A very robust perennial that grows to a height of 24-36" tall with a spread of 12-18". The large, daisy-like flower petals range in color from purple to lavender with the seed center orange-copper colored cone that is hardy & prickly. Blooms all summer into autumn. A butterfly favorite!
Black-eyed Susan Flowers (<i>Rudbeckia fulgida</i>)	An order consists of 1 potted individual plant. The variety is "Goldsturm". A very vigorous and compact variety of Black-Eyed Susan, with exceptionally bright golden flowers, July into fall. They grow with a height and spread of 24-30" and easily reseeds. Seeds attracts wild birds and a favorite of wild turkeys.
Northeast Annual & Perennial Wildflower Mix	Seed mixture is a very colorful mix that provides up to 5 years of color & attracts a variety of birds & butterflies. Mixture is ERNMX-168. Majority of mix reaches 2'-5' at maturity. Seed coverage:7-10lbs per acre; 1oz per 388sf.

Sold in pairs for adequate cross pollination

****AGAIN this year – Single Potted Perennial Flowers available for purchase on Pick Up Days!**
Varieties include: *Achillea*, *Coreopsis*, *Physostegia virginiana*, *Rudbeckia*, *Scabiosa*, *Veronica* & MORE. Limited quantities, first come first serve. **
